You may consider yourself a top endurance athlete, but a Yamaha Enduro proves just as tough, still going strong since beginning production in the 1960s. The Yamaha XT500 is a twin-valve single-cylinder enduro-adventure motorcycle made by Yamaha from 1975 until 1989. It shares its power plant with the street version SR500 and its off-road brother, the Yamaha TT500. All parts such as the transmission and chassis were produced in Japan. The first XT 500 was shown at the US dealer convention in September 1975, and in Europe in the summer of 1976. View and Download Yamaha V-stan 1300 owner's manual online.
