1 CUSTOMER SERVICE OWNER PUBLICATIONS CATALOG This catalog describes the various aircraft and systems publications available from Piper. Prices and availability vary depending upon supply and demand. The Piper PA-32R is a six-seat, high-performance, single engine, all-metal, fixed-wing aircraft produced by Piper Aircraft of Vero Beach, Florida. The design began life as the Piper Lance, a retractable-gear version of the Piper Cherokee Six. Later models became known by the designation Piper Saratoga. The primary difference between the Lance and early Saratoga is the development of a tapered ... The Piper PA-28 Cherokee is a family of two- or four-seat light aircraft built by Piper Aircraft and designed for flight training, air taxi and personal use. The PA-28 family of aircraft comprises all-metal, unpressurized, single-engine, piston-powered airplanes with low-mounted wings and tricycle landing gear. They have a single door on the copilot side, which is entered by stepping on the wing. Piper's latest single-engine turboprop is classy, fast and proving an appealing option for owners wanting that bit more. John Absolon reports. As first reported in Flying Australia here.. The latest in the PA-46 line of aircraft that includes the -310P Malibu, -350P Malibu Mirage and -500TP Malibu Meridian, the M600 continues Piper's success with high performance singles.
