The Met's Timeline of Art History pairs essays and works of art with chronologies and tells the story of art and global culture through the collection. Lisbon. Best city. The Portuguese capital is on a cultural and architectural roll after a programme of regeneration stretching from the centre to the Baixa waterfront. In prehistoric times, the Italian peninsula was rather different from its current shape. During the last Ice Age, the islands of Elba and Sicily were connected to the mainland. The Adriatic Sea was far smaller, since it started at what is now the Gargano peninsula, and what is now the bay of Venice was a fertile plain with a humid climate.. The arrival of the first hominins was 850,000 years ...Sculpture is the branch of the visual arts that operates in three dimensions. It is one of the plastic arts. Durable sculptural processes originally used carving (the removal of material) and modelling (the addition of material, as clay), in stone, metal, ceramics, wood and other materials but, since Modernism, there has been an almost complete freedom of materials and process.
